## ONLINE COURSES

### OLD TESTAMENT HISTORY I

*Rev Dr Quek Suan Yew*

OT History is also a study of Israel—God's chosen nation. How does a tiny country like Israel become such a great nation as she is today? If you want to know how and why, then you cannot but take this course which will be taught in three parts: (1) Genesis to Joshua, (2) Judges to 2 Samuel, and (3) First Kings to Esther. (2 credits)

### ROMANS

*Rev Dr Prabhudas Koshy*

The book of Romans is essential to Christian theology for in it the Apostle Paul explains thoroughly many fundamental doctrines of the faith like human depravity, justification, sanctification, election, preservation, the relationship between law and grace, and the relationship between Israel and the Church. (2 credits)

### 1 CORINTHIANS

*Rev Dr Jeffrey Khoo*

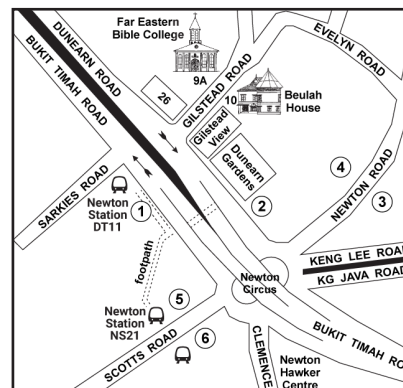

First Corinthians, though written in the 1st century, remains very relevant today. Many of the problems faced and questions asked in the church then are still faced and asked today, e.g. worldliness, church divisions, tongues-speaking, women in ministry, marriage and divorce, eating food offered to idols, and many more. (2 credits)
